Synastry chart

Relationship analysis

This pairing has solid compatibility with a productive balance of harmony and creative tension. The relationship requires active effort in some areas but rewards that investment generously. Strengths in certain categories compensate for friction in others, creating a dynamic that keeps both partners engaged and growing.

Strengths

Positive Sun aspects promote mutual respect and shared life goals.

Harmonious Moon aspects indicate emotional understanding and nurturing.

Favorable Venus aspects bring affection, appreciation, and romantic chemistry.

Challenges

More challenging aspects than harmonious require patience and understanding.

Challenging Sun aspects may create ego conflicts or competing life directions.

Difficult Moon aspects can cause emotional misunderstandings or different needs.

Challenging Mars aspects may bring tension, arguments, or competing desires.

Compatibility score: 29/100 (challenging). The 94 aspects between your charts reveal 27 harmonious connections and 44 challenging dynamics.

Relationship archetype

Growth Partners

This relationship is a catalyst for transformation. Challenge and friction drive both partners to evolve beyond their comfort zones into something stronger.

This pairing faces significant challenges that demand considerable effort and mutual compromise. The dynamic tension between your charts creates friction that can either push both partners to grow or create persistent frustration. Success requires honest communication, patience, and a shared commitment to working through differences.

Sign compatibility

Sun

Person 1: Cancer 23°00′ · Person 2: Pisces 29°58′

Cancer and Pisces combine water and water core energy. Deeply intuitive and emotionally rich. Both understand the unspoken language of feelings, creating profound empathy. Maintaining healthy boundaries prevents emotional overwhelm. Your modalities (cardinal and mutable) add another layer: One leads, the other adapts. A flexible dynamic with clear direction where the initiator provides focus and the flexible partner keeps things flowing.

Moon

Person 1: Aries 27°04′ · Person 2: Libra 21°11′

Aries Moon and Libra Moon bring together fire and air emotional natures. Highly energizing and dynamic. Air fuels Fire with ideas and enthusiasm, creating an intellectually stimulating and active connection full of momentum.

Venus

Person 1: Gemini 24°44′ · Person 2: Pisces 7°49′

Venus in Gemini and Venus in Pisces blend air and water love styles. Thought meets feeling. Air brings objectivity and perspective while Water brings emotional depth and intuition. Honoring both rational and emotional ways of knowing strengthens this bond.

Mars

Person 1: Taurus 2°07′ · Person 2: Aquarius 24°00′

Mars in Taurus and Mars in Aquarius combine earth and air approaches to desire and conflict. Different approaches that complement when respected. Earth offers practical grounding while Air brings fresh perspective. Bridging the tangible and theoretical creates a well-rounded partnership.

Element balance
